**THE  
BALANCE**  
BETWEEN DESIGN & QUALITY

## ABOUT US

Our long journey to success

Our company PROTEAS – PAPAIOANNOU BROS SA represents one of the most dynamic companies in manufacturing furniture products. Throughout our 60-year old experience our company has generated trends, has been pioneer in creating a brand name with character and philosophy giving a different breath in Greek furniture sector.

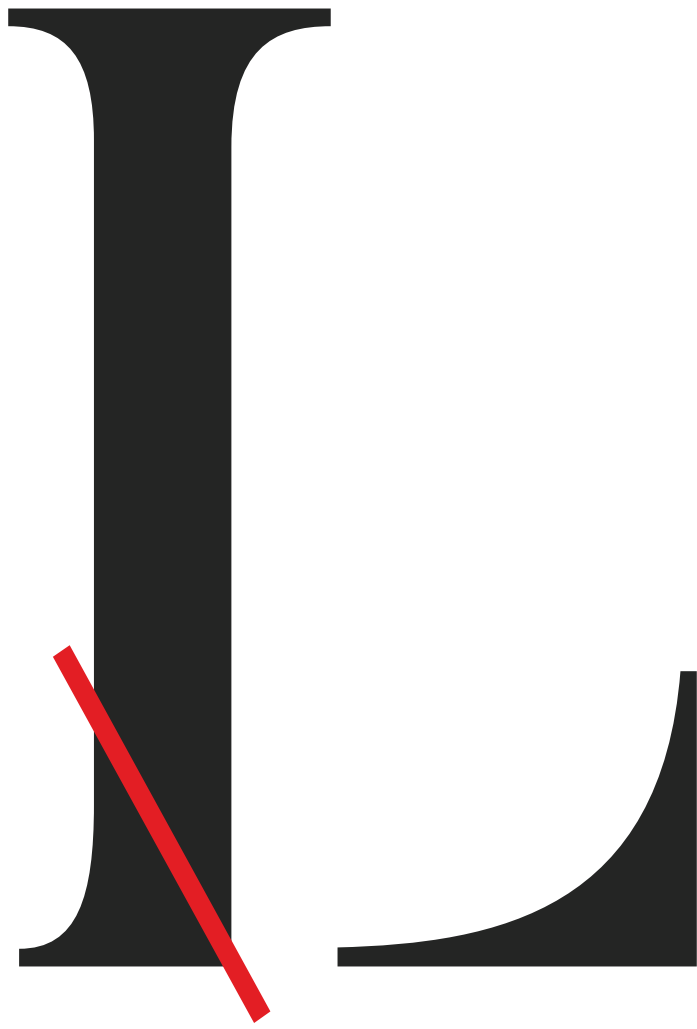

The initial aim of the company was from its first steps the continuous seeking of ways to fully satisfy customers' living desires who feel their home as a space of relaxation in day-to-day life.

The history starts in 1956. In Greece those days manufacturing furniture demanded handicraftsman and only a few tools available. The evolution in the furniture manufacturing sector has been rapid, following the twentieth century's swiftness. Mr. Vasilis Papaioannou, founder of our company, has always been one step ahead and has managed to move from handicraftsman to standard industrial furniture through research and investments. The small carpentry workshop transformed to a privately owned up-to-day factory of 12.500 m2 capacity in a land of 56.000 m2, equipped by the latest technology machines .

Our company today is managed by people with spirit of continuously searching for new ideas, but who also show their faith, care and devotion to cooperators and company's human resources .

Our PROTEAS products range is continuously expanding and enriching. Based in its Greek industrial production its support a dynamic network of sales with selected cooperators all around Greece and Cyprus, but also in other 11 countries in three different continents .

Throughout the years our company has achieved important co operations that have changed the company's route. PROTEAS brings in Greece the famous Italian group BERLONI Spa that engaged in kitchen furniture and as an exclusive representative creates one of the largest network of shops in Greece and Cyprus.

When our father started his company in 1956 he probably never imagined that PROTEAS would be recognized as a leader and innovator in the indoor design segment.

Today we are one of the oldest fully-owned manufacturers of high end indoor furniture.

Our independence enables us to plan our own strategy in total freedom, cultivating our passion for beautiful and inspiring furniture.

We design timeless indoor pieces with care and love, creating places to relax, leave the daily stress behind and indulge in comfort.

We would like to thank all our partners and collaborators for all these years. We wouldn't be where we are today without your commitment.

-Highly important point, that we are pay most of our attention, is the ecological awareness that the company has. So the use of ecological varnishes with water based varnished that follow all the ecological standards is being considered with no doubt for every furniture that is produced from company PROTEAS. Proteas comply with all standards and laws regarding its products, processes and services. The goal is always to fully satisfy the customers but in the same time follows its commitment to respect the nature.
